

Introducing new and improved odor control technology with Unitor™ Gamazyme Fresh

The new Unitor™ Gamazyme Fresh provides a powerful combination of fast acting neutralizer for deep and effective cleaning with a pleasant citrus smell. Odor causing compounds or organic microorganisms are biodegraded by “good” bacteria strains, giving immediate odor relief. Unitor™ Gamazyme Fresh efficiently masks bad smelling odors from waste chutes, garbage areas, waste collection areas, galleys, rest rooms and urinals.

4-Way Action of Gamazyme Fresh

Deep cleaning action by good microbes in breaking down harmful organics or bacteria

Accelerated microbial degradation

Binding action by good bacteria to capture odor

Pleasant citrus fragrance to promote rapid smell elimination and instant freshness

Benefits of Gamazyme Fresh

Superior performance with rapid and long-lasting effects

No use of hazardous chemical oxidizers

Advanced microbial technology – cleaning as nature intended

Compact, handy, and durable 1 litre spray bottle

Proven Effective Performance

Gamazyme Fresh was put to tests for odor control performance on garbage odors (garlic oil, urine, and food waste) to determine the effectiveness over a period of time. In the odor control effectiveness test, the odor was evaluated on following scale of:

- 1 = no bad odor
- 2 = bad odor has nearly disappeared
- 3 = reduction in bad odor
- 4 = slight reduction in bad odor
- 5 = no reduction in bad odor

The data in the table has clearly demonstrated that Gamazyme Fresh effectively reduces garbage odors after 30mins of application and provides continuous odor control for as long as a period of 14 days.

Unitor™ Gamazyme Fresh

Product	Quantity	Product Number
Unitor Gamazyme Fresh	1 L	743189

** Note: Unitor™ Gamazyme Fresh (743189) replaces Unitor™ Gamazyme BOE (624619).
